Lonesome Valley

Traditional Chorus • Verses by Joe LaMay

You gotta walk that lonesome valley
You gotta walk it by yourself
Nobody else can walk it for you
You gotta walk it by yourself

Once I walked - with my mother
All along - life's weary road
But when she took - that final journey
She had to walk it on her own

Chorus

And once I walked - with my father
All along - life's weary road
But when he took - that final journey
He had to walk it on his own

Chorus

All the loved ones - gone before me
To the end - of life's weary road
Someday I'll take - that final journey
And walk it on my own

Chorus
