

# PRAY OUR SONGS TO KEEP

Words & Music by Joe LaMay

C Em F C  
I recall the first time I stood upon this stage  
C Em F  
Pray my song to keep  
C Em F C  
I was so young then - new words upon the page  
C Em F  
Pray my song to keep  
F G C Em Am G  
The days seemed longer - I sang with all my heart  
F G  
To everyone who gathered here  
C Em F C  
Now as the sun sets on this golden memory  
C G C  
Pray my song to keep

So many voices have echoed through the years  
Pray their songs to keep  
So many stories - the laughter and the tears  
Pray their songs to keep  
So many seasons they stood upon this stage  
And shared their words and melodies  
Now as the sun sets on this golden memory  
Pray their songs to keep

And for the others who've turned the final page  
Pray their songs to keep  
They're right beside us as we stand upon this stage  
Pray their songs to keep  
Here's one last song for the ones who've gone before  
And for the ones who've gathered here  
Now as the sun sets on this golden memory  
Pray our songs to keep
